**WORLD FAIR BUILDING TO  
BE DEDICATED TO  
HISTORY OF NEGRO**

New York City, May 12 — (INP) — A building dedicated exclusively to the history and progress of the Negro race is to be erected at the World Fair, which is to be held here in 1939, it was disclosed today.

The building was proposed by Congressman Emanuel Celler of New York to George McAneny, president of the New York World's Fair Committee. Congressman Celler also suggested that the structure to be dedicated be known as the Booker T. Washington Memorial Hall.

**EROKLYNITES PREPARE  
FOR ELKS COMING**

Brooklyn, N. Y., May 14, (INP) The City of Churches is fast whipping itself into shape for the forth coming Elks Convention to be held here in August of this year. Many organizations are planning dances and various forms of entertainment for the visiting brothers. Housing quarters are being arranged by the local members of the Elks and many of the business and professional people of the city.

Poe Rice, running for Assessor, polled 12 votes and one of them was not his wife's because she registered

Republican to keep from voting for him.  
It would seem, from these results, that even the Negro Democrats will not support their brothers for office. This being true, how can they expect to ever hold office under a Democratic administration?

**NEGRO GROUP ADOPTS  
SLOGAN OF "BEAT VIA"  
HOLT, NEELY ENDORSED**

The Southern West Virginia Negro Democratic organization reiterated its endorsements of the candidacies of Homer A. Holt for governor and M. M. Neely for United States senator, according to W. G. Young, secretary.

Young said the group met yesterday in Logan and adopted the slogan "Beat Via."

He said there would be less than a ten percent "defection in our ranks" as regards the candidacies of the persons endorsed by our organization.

"With Organized Labor"...  
Dr. J. D. Gibson, president of the organization, speaking in Welch, last night, said: "No, only are we with organized labor—we are part of it. Organizers of the United Mine Workers of America will tell you that I am one of the few who gave them money, food and shelter when they had not a leg to stand on in Logan county."

Dr. Gibson is a candidate for congress in the sixth district.

most feeling among white and colored people of Browns Creek District is the returns of the nomination of Arthur King, constable, Kenneth Payne of Welch, Squires Hub Herndon and Samuel Crider of Kimball to the positions as above stated. Everybody is talking about how sensible the people were to select men who in November will unanimously be declared elected. Already, the people and the nominees on the Democratic ticket are saying they will not run but will ask that unanimous vote be cast by the power that be for the above named gentlemen. Whoopie! Isn't that a Dandy?

**The most gorgeous ship in  
the world-QUEEN MARY  
Gives Her 3200 Passengers and Crew  
ELECTRIC COOKERY.**

THE Cunard White Star Super Liner Queen Mary which sails on her maiden voyage to America May 27 and docks in New York on June 1, has electric kitchens to cook for her 2,000 passengers and crew of 1200. Her designers have selected pure electric heat for cooking because it is the best and most economical method of preparing food for human consumption. Queen Mary's vast cooking department has the enormous electric load of 1500 kilowatts—equivalent to 300 household electric ranges.

This is in keeping with the ultra modern features of the most gorgeous ship in the world. An electrified kitchen will make your home modern as nothing else will... and a modern new Electric Range is a good place to begin.

Electric Cookery is THE modern method. Let us demonstrate.

**SUPER LINER QUEEN  
MARY'S KITCHEN**

The Largest Electrically Equipped Kitchen In The World

Food of the finest quality prepared by expert chefs to delight the palate of the "Gourmet" will be provided for the thousands of passengers on the Cunard White Star Line's "Queen Mary" as she races swiftly across the Atlantic.

The main dining room is the largest room ever built in a ship. It is 160 feet long and is so large that the steamship company's first transatlantic liner "Britannic" could be placed within it.

There is intense rivalry in the transatlantic trade for supremacy of the ship. This rivalry extends not only to the speed of the ship but to her equipment and the service to passengers. For this reason, the designers of the "Queen Mary" have placed particular emphasis on her culinary department and have equipped her with what are perhaps the largest completely electrified kitchens in the world.

Here is the last word in Modern Kitchens constructed on a vast scale. Gleaming porcelain enamel ranges, supplied with pure electric heat, and polished metal working surfaces combine of cleanliness.

The ship's kitchens would delight the heart of any housewife for they contain every sort of electrical labor

saving device. Imagine the complete elimination of such laborious tasks as potato peeling and dough mixing. Machines take care of both operations on the "Queen Mary". Every conceivable device for kitchen efficiency is to be found on the ship, from orange juice extractors to large ice cream freezers.

Ralph Ricault, born in Mayenne, France, 54 years ago, is the chef who directs his staff of cooks and bakers. Mr. Ricault had completed his apprenticeship in cooking at the age of 15. He has presided over the kitchen of internationally famous hotels and restaurants. Now, after many years with the line, he is the proud director of this most modern kitchen. His Cabin Class kitchen contains two large electric ranges, each with 8 ovens, and one smaller range with 3 ovens for the vegetable cook. The main service hotpress in the kitchen is 55 feet long.

The Tourist kitchen and Third Class kitchen are equipped like the Cabin kitchen. In addition, the ship has a large bake shop and a Kosher kitchen where food is prepared according to the Jewish ritual.

The "Queen Mary's" vast cooking department has a total electrical load of 1500 kilowatts.

In speed and comfort, this super liner sets new standards in transatlantic travel.
